Official Times based on the Hand Times taken by the Judges Team for the second athlete arrived. Because the photo-finish judges decided, after understanding that the start of the race was done, to take the arrival picture of all the athletes, it was possible, having in consideration the existing difference in hundreds of a second between the athletes shown in the picture, to obtain the presented results obviously in hundreds of second. These performances were decided based in the before mentioned documents by the Technical Delegate and the Chief Photo-Finish Judge. (IAAF Rule 165.14)
