All such implements must have IAAF certification and must be approved by the European Athletics Technical Delegates. At least three items of each implement must be supplied by the Member Federation or manufacturer concerned and delivered to the LOC by 2 August 2019 at the latest.

Personal Implements shall also be allowed, providing that:

- They have IAAF certification in force.
- They are not already on the official list.
- They are in good conditions and the brand is easily recognised.
- They have been checked for compliance with IAAF Rules.
- They are made available to all the other competitors.

Personal implements will have to be submitted to the TIC the day before the event and no later than 18:00. If a personal implement cannot be accepted into the pool because it is not meeting the specifications or being unidentifiable, the relevant team will be notified via the TIC. An explanation for the rejection will be added.
