PK-4/105-S	Polanik	Turned stainless steel, Competition, dia: 105mm	Metallic	I-00-0232

Additional implements may be added to the official list, if requested by Member Federations directly or by manufacturers with the endorsement of a Member Federation, to European Athletics by **31 January 2021**, and if supplied to the LOC free of charge. All such implements must have World Athletics certification and must be approved by the European Athletics Technical Delegates. Three items of each implement must be supplied by the Member Federation or manufacturer concerned and delivered to the LOC by **20 February 2021** at the latest.

Personal Implements shall also be allowed, providing that:

- They have World Athletics certification in force
- They are not already included on the official list
- They are in good conditions and the brand is easily recognised.
- They are made available to all the other competitors until the end of the Final
- They will have to be submitted to the LOC for approval at the TIC by **the deadline mentioned in the Team Manual**

Note: "World Athletics Certified" implements may include older models that previously held a certificate but are not in production any longer.

In order to speed up the checking in of eligible personal implements, please come prepared and consult the World Athletics list on the website (<https://www.worldathletics.org/about-iaaf/documents/technical-information>) in advance to identify the implement noting its World Athletics certification number. If you do not find your implement in the list but you believe that it is/was certified, please contact the World Athletics Office at technicalofficer@worldathletics.org so that its status can be checked and confirmed to you and the LOC in due time.
